EXPERIENCE

Software Engineer | 06/2025 – Current

OTOGO LLC, Baku, Azerbaijan

- Developed and sustained robust backend services using Java SE and Spring Boot, powering Otodo, a B2B mobile platform connecting car providers and businesses across Azerbaijan.
- Built and exposed 20+ RESTful API endpoints enabling seamless communication between frontend and backend systems for Otodo, a B2B mobile platform serving car rental providers and corporate clients.

Backend Developer | 07/2025 – 06/2026

Desinftec LLC, Baku, Azerbaijan

- Implemented JWT-based authentication and role-based authorization, securing APIs for 500+ active users.
- Optimized RESTful APIs, reducing average response time by 30% through query tuning and caching.
- Architected microservices structure, improving application scalability and reducing deployment time by 40%.

Backend Developer | 08/2024 – 05/2026

Developia Engineering Academy, Baku, Azerbaijan

- Developed and sustained robust backend services using Java SE and Spring Boot, supporting a platform used by 200+ students.
- Built and delivered 15+ RESTful API endpoints, enabling seamless communication between frontend and backend systems.

Backend Mentor | 10/2023 – 01/2025

Design and Information Technologies club, Baku, Azerbaijan

- Mentored 30+ junior developers in backend development, guiding them through Java SE, Spring Boot, and REST API concepts.
- Developed structured learning materials and code reviews, helping 85% of students successfully complete the backend development program.

EDUCATION

Bachelor degree, Computer Science

Khazar University, Baku, Azerbaijan | 06/2026

Backend Development

Developia Engineering Academy, Baku, Azerbaijan | 06/2024

SUMMARY

Results-driven Backend Developer specializing in Java SE and Spring Boot, with hands-on experience building RESTful APIs, building microservices architectures, and implementing CI/CD pipelines.

LANGUAGES

English (Upper-Intermediate)

Russian (Upper-Intermediate)

Azerbaijani (Native)

IT SKILLS

- **Languages:** Java SE, SQL
- **Databases:** MySQL, Hibernate, JPA, Liquibase
- **Frameworks/Libraries:** Spring Framework, Spring Boot, Spring Security
- **APIs:** RESTful APIs, Swagger, Postman, Firebase
- **Testing:** JUnit/Mockito
- **Tools:** Git, GitHub
- **DevOps:** Docker, CI/CD, Docker Compose
- **Concepts:** Object-Oriented Programming (OOP), Algorithms
